

September 16, 2016

To our Valued Motor Carrier Customers,

Further to our previous announcements regarding Hanjin usage, please be advised that effective September 17, 2016, the Flexi-Van Los Angeles Basin Pool (FLBP) will no longer be the chassis provider for Hanjin in the Pool of Pools (POP) Chassis Pool in the LA Basin.

What does this mean for motor carrier usage?

- Any Hanjin container out-gated prior to 12:00AM Saturday, September 17, 2016 will continue to be billed by Flexi-Van Leasing, Inc., per our announcement dated August 31, 2016, until it is returned to a common location of the Pool of Pools.

- Any Hanjin container out-gated after 12:00AM Saturday, September 17, 2016 and future forward:
 - If it is out-gated with an FLBP chassis, usage will be billed to the motor carrier by Flexi-Van Leasing until it is returned to a common location of the Pool of Pools.
 - If you are not sure if the chassis belongs to FLBP, you may use our online chassis look-up function or use the contact information at the bottom of this announcement to inquire and we will assist.
